

# Documents Required for Admission

Official transcripts from the high school or post-secondary institutions you have previously attended may be required to process your application. For details on the documents you may be required to submit, and how to go about submitting them, visit the Required Document Submission section of the online Admissions Guide at <http://www.kwantlen.ca/admission/reqdocsub.html>.

All documents submitted to Kwantlen become the property of Kwantlen Polytechnic University. Neither the original document nor copies will be released to you or anyone outside of the institution. Applicants who do not attend and wish to re-apply later may be required to submit a new set of documents.
