

ACCOUNTING (ACCT)

This is a list of the Accounting (ACCT) courses available at KPU.

For information about transfer of credit amongst institutions in B.C. and to see how individual courses transfer, go to the BC Transfer Guide bctransferguide.ca

ACCT 1110 **3 Credits**

Introductory Financial Accounting I

Students will learn to prepare financial statements using Canadian Generally Accepted Accounting Principles (GAAP). Students will be introduced to the accounting cycle, accrual accounting concepts, and the asset side of the balance sheet, specifically cash, receivables, inventory, and long-lived assets for service and merchandising companies operating as a sole proprietorship. This course is designed to be followed by ACCT 1210, which covers the liabilities and equity side of the balance sheet as well as partnerships and corporations. Note: For graduation purposes a maximum of 6 credits can be obtained for any combination of ACCT 1110, ACCT 1210 and ACCT 2293.

Attributes: PATH-3

ACCT 1160 **3 Credits**

Accounting Essentials

Students will learn the basic concepts of financial and managerial accounting. They will study planning, budgeting, and decision-making techniques from a financial perspective. Note: This survey course is intended for students who do not plan to pursue a School of Business credential.

ACCT 1210 **3 Credits**

Introductory Financial Accounting II

Students will further develop their skills in preparing financial statements in accordance with Canadian Generally Accepted Accounting Principles (GAAP). Students will learn recognition and measurement techniques for liabilities, shareholder's equity and investments as well as accounting for partnerships and corporations and preparing cash flow statements. Students will analyze and interpret financial statement results. This course is designed to be preceded by ACCT 1110, which covers the accounting cycle and the assets side of the balance sheet. Note: For graduation purposes a maximum of 6 credits can be obtained for any combination of ACCT 1110, ACCT 1210 and ACCT 2293.

Prerequisites: ACCT 1110

Attributes: PATH-3

ACCT 2235 **3 Credits**

Introductory Taxation

Students will learn the fundamental principles and concepts of Canadian federal income tax, including a conceptual structure of the Income Tax Act. Students will learn to apply the rules and regulations to practical cases through detailed exercises and taxpayer scenarios. They will learn to identify and fulfill a taxpayer's compliance and reporting requirements, including the calculation of basic income taxes payable for an individual, the determination of the components of the taxpayer's Net Income for Tax Purposes, Taxable Income, and taxes payable. They will also be introduced to the calculation of Net Income for Tax Purposes, Taxable Income and taxes payable for corporations.

Prerequisites: ACCT 1210 or ACCT 2293

ACCT 2293 **3 Credits**

Accelerated Introductory Financial Accounting

Students will learn to prepare and interpret financial statements for corporations in accordance with Canadian Generally Accepted Accounting Principles (GAAP). Students will learn about the accounting information system, accrual accounting concepts, accounting for service and merchandising operations, the reporting and analysis of inventory, receivables, long-lived assets, liabilities, shareholders' equity and investments, and the preparation of cash flow statements. The user-oriented approach will include performance measurement and the evaluation and analysis of financial statements by external decision-makers. This course is an accelerated and condensed version of ACCT 1110 and ACCT 1210. Note: For graduation purposes a maximum of 6 credits can be obtained for any combination of ACCT 1110, ACCT 1210 and ACCT 2293.

ACCT 3111 (formerly FNSR 3111) **3 Credits**

Introduction to Fraud Examination

Students will analyze the fraud problem and its social and economic impacts. They will examine various issues fundamental to the understanding, prevention, detection, and deterrence of fraud from a management perspective. Note: Students may be entitled to use this course towards Association of Certified Fraud Examiners requirements.

Prerequisites: ACCT 2293, BUSI 2390, CRIM 1107, or permission of instructor.

ACCT 3310 **3 Credits**

Intermediate Financial Accounting I

Students will examine accounting theory and current Canadian practice in the measurement, recording and reporting of financial information, with emphasis on the accounting for assets. Note: For graduation purposes, a maximum of 6 credits can be obtained for any combination of ACCT 3310, ACCT 3410 and ACCT 3510.

Prerequisites: Both (a) ACCT 1210 or ACCT 2293, and (b) BUQU 1130, MATH 1120, MATH 1130 or MATH 1140.

ACCT 3320 **3 Credits**

Introductory Management Accounting

Students will learn how to use internal accounting information for decision making in manufacturing and other organizations. Students will study a variety of management accounting topics such as cost terms and concepts, alternative costing systems, cost/volume/profit relationships, budgeting and profit planning, relevant costing, variance analysis, segmented reporting and the importance of ethics. Note: For graduation purposes, a maximum of 6 credits can be obtained from any combination of ACCT 3320, ACCT 4320 and ACCT 4520.

Prerequisites: ACCT 1210 or ACCT 2293

ACCT 3335 **3 Credits**
Intermediate Taxation

The students will examine complex issues and identify planning opportunities for Canadian income tax planning and compliance, and integrate the tax consequences of business decisions at the personal and corporate level. They will learn about the different types of corporate taxpayers, sources of income and how these factors impact on the calculation of tax liabilities, including the taxation of investment income for Canadian Controlled Private Corporations. They will also learn about the fundamentals of the Goods and Services Tax ("the GST").

Prerequisites: ACCT 2235 or 6 credits from courses in ACCT at the 3000 level

ACCT 3380 **3 Credits**
Managerial Finance

Students will be introduced to corporate finance and obtain an understanding of the role and function of financial management. Students will learn financial ratio analysis, how to determine cash flows and time value of money. Students will also learn how to value debt and equity investments, capital budgeting techniques, and they will learn about cost of capital and capital structure.

Prerequisites: Both (a) ACCT 1210 or ACCT 2293, and (b) BUQU 1130, MATH 1120, MATH 1130 or MATH 1140.

ACCT 3410 **3 Credits**
Intermediate Financial Accounting II

Students will examine accounting theory and current Canadian practice in the measurement, recording and reporting of financial information with emphasis on the accounting for liabilities and owners' equity. Note: For graduation purposes, a maximum of 6 credits can be obtained for any combination of ACCT 3310, ACCT 3410 and ACCT 3510.

Prerequisites: ACCT 3310

ACCT 3444 **3 Credits**
Auditing

Students will study auditing principles and internal control. Topics covered include audit reporting, audit risk, audit sampling, auditing standards, techniques and procedures. They will compare and contrast the independent and internal audit functions. The focus will be on external independent financial statement audit.

Prerequisites: All of: (a) ACCT 3310 or ACCT 3510, (b) CBSY 2306 or CBSY 2205, and (c) BUQU 1230, CRIM 2103, MATH 1115, MATH 2341, PSYC 2300 or SOCI 2365.

ACCT 3510 **6 Credits**
Intermediate Financial Accounting I & II

Students will examine accounting theory and current Canadian practice in the measurement, recording, and reporting of financial information. Note: For graduation purposes, a maximum of 6 credits can be obtained for any combination of ACCT 3310, 3410 and 3510.

Prerequisites: All of (a) ACCT 1210 or ACCT 2293, (b) BUQU 1130, MATH 1120, MATH 1130 or MATH 1140, and (c) 3 credits from a course in ACCT at the 3000 level.

ACCT 4111 (formerly ACCT 3111) **3 Credits**
Introduction to Organizational Fraud

Students will explore fraud in organizations, including its social and economic impact from a Canadian management perspective. Students will learn the fundamentals of recognizing, deterring, and detecting internal fraud. They will be introduced to fraud-specific terminology and current research. Students will explore fraud in organizations, including the economic, social and financial reporting impact from a Canadian management perspective, including how people and technology both contribute to, and may be used to mitigate, fraud risk.

Prerequisites: 60 credits from courses at the 1100 level or higher.

ACCT 4120 **3 Credits**
Financial Statement Presentation and Analysis

Students will investigate financial statement presentation, including proper note disclosure appropriate for publication according to generally accepted accounting principles (GAAP) with an emphasis on International Financial Reporting Standards (IFRS). Students will analyze and evaluate financial statements in the form of published annual reports, with special emphasis on different industry-specific presentation and disclosure styles. Students will study differences in international accounting standards. Students will prepare case analysis requiring integration of information and using both qualitative and quantitative analysis.

Prerequisites: All of: (a) CMNS 3000 or ENTR 3000, (b) ENTR 3100 or ENTR 3140, and (c) 9 credits from courses in ACCT at the 4000 level.

ACCT 4150 **3 Credits**
International Issues for Financial Managers

Students will study specific topics in international financial management. They will learn about the international business environment within which a multinational entity operates and about foreign exchange markets. Students will learn about risks arising from doing business internationally and strategies how to manage these risks. Students will apply financial management concepts such as availability and cost of capital, capital budgeting, working capital management and taxation in a multi-national environment.

Prerequisites: 9 credits from courses in ACCT at the 3000 level or higher, including ACCT 3380. ACCT 4380 is strongly recommended.

ACCT 4199 **3 Credits**
Accounting Theory

Students will study practical and theoretical models, including: market efficiency, present value accounting, standard setting, executive compensation, earnings management and agency theory. They will examine the contributions of economics, finance and other disciplines to accounting theory, and will evaluate current issues and problems in the field.

Prerequisites: All of: (a) ACCT 3380, (b) ACCT 3410 or ACCT 3510, and (c) CMNS 3000 or ENTR 3000.

Co-requisites: ACCT 3410 for those who have not previously completed 3510

ACCT 4320 (formerly ACCT 3420) 3 Credits
Advanced Management Accounting

Students will study a variety of management accounting topics including flexible budgets, standard costs, variance analysis and investigation decisions, cost behavior, cost allocation. Topics also covered are: linear programming, joint products and by-products, special issues of process costing, alternative inventory models, pricing theory and strategies, and decentralization and transfer pricing. In addition, the course will cover the quality, operations costing, backflush costing, statistical analysis and linear models as well as selected current issues. Note: For graduation purposes, a maximum of 6 credits can be obtained from any combination of ACCT 3320, ACCT 4320 and ACCT 4520.

Prerequisites: ACCT 3320 and 6 credits of ACCT 3000 level or higher

ACCT 4335 3 Credits
Advanced Taxation

The students will study a variety of complex tax issues such as corporate reorganizations, amalgamation, wind-up, loss utilization and the limitation of losses from an acquisition of control, estate-planning, business acquisitions and divestitures either in the form of assets or shares. They will also learn about specialized topics such as the use of partnerships and trusts as tax planning tools, and the taxation of non-residents. In analyzing and integrating the business, financial, succession-planning and income tax consequences of these complex transactions and situations, the students will gain a deeper understanding of the effects of the Income Tax Act on business decisions.

Prerequisites: Both (a) ACCT 3335, (b) CMNS 3000 or ENTR 3000.

ACCT 4360 3 Credits
Advanced Financial Modelling using Spreadsheets

Students will learn to analyze and solve financial problems in cost accounting, capital budgeting and linear programming using spreadsheets. Students will build pro-forma financial statements, discounted cash flow models and learn to work with pivot tables applied to data mining and analysis situations. Students will also use statistical techniques, such as single/multi-variable regression analysis and various forecasting methodologies using Stat-Tools software.

Prerequisites: All of: (a) ACCT 3380, (b) ACCT 4320 or ACCT 4520, (c) CBSY 2306 or CBSY 2205, and (d) BUQU 1230, MATH 1115, MATH 2341, CRIM 2103, PSYC 2300 or SOCI 2365. Note: ACCT 4380 is strongly recommended.

ACCT 4380 3 Credits
Intermediate Corporate Finance

Students will describe, apply and evaluate corporate finance techniques used in forecasting, financial planning, working capital management and dividend policy decisions. Students will apply valuation techniques to more advanced business valuations. Students will learn about derivative financial instruments, mergers and acquisitions and they will be introduced to international corporate finance.

Prerequisites: ACCT 3380 and 6 credits from courses in ACCT at the 3000 level or higher.

ACCT 4445 (formerly ACCT 3445) 3 Credits
Auditing 2

Students will learn how to prepare an audit file using a computerized application with focus on the audit process from planning to completion. Students will study current and advanced issues affecting the auditing profession, with exposure to various special audit and review engagements.

Prerequisites: All of: (a) ACCT 3444, (b) CMNS 3000 or ENTR 3000, and (c) ENTR 3100 or ENTR 3140.

ACCT 4455 (formerly ACCT 3455) 3 Credits
Advanced Financial Accounting

Students will study the current issues in financial reporting, intercorporate investments and business combinations, foreign operations, not-for-profit organizations, interim reports, segmented information, partnerships and joint ventures.

Prerequisites: ACCT 3410 or ACCT 3510.

ACCT 4520 (formerly ACCT 3520) 6 Credits
Management Accounting I & II

Students will study a variety of management accounting topics including cost terms and concepts, cost-volume-profit relationships, job-costing, budgeting, variance analysis, alternative costing methods, understanding how costs behave, relevant costing, linear programming, pricing decisions, balanced scorecard, and cost allocation. They will also study joint products and by-products, process costing, quality and time issues, inventory management, and decentralization and transfer pricing. Note: For graduation purposes, a maximum of 6 credits can be obtained from any combination of ACCT 3320, ACCT 4320 and ACCT 4520.

Prerequisites: Both (a) ACCT 1210 or ACCT 2293, and (b) 3 credits from courses in ACCT at the 3000 level.

ACCT 4580 6 Credits
Corporate Finance

Students will develop an understanding of the role and function of financial management, financial analysis, determination of cash flows, time value of money, valuation of investments, capital budgeting, cost of capital and capital structure. Students will continue to cover more advanced topics in corporate finance such as forecasting, advanced valuation and capital structures, working capital management and dividend policy. Sources of capital, mergers and acquisitions, derivative instruments and international corporate finance are also covered.

Prerequisites: Both (a) ACCT 1210 or ACCT 2293, and (b) BUQU 1130, MATH 1120, MATH 1130 or MATH 1140.

ACCT 4650 3 Credits**Not-For-Profit Management and Financial Reporting**

Students will learn the unique aspects of management and financial reporting for not-for-profit organizations. They will research the size and significance of the not-for-profit sector in Canada as well as the legal process for incorporation and the requirements of operating as a registered charity. Students will prepare financial statements for not-for-profit organizations in accordance with Generally Accepted Accounting Standards. They will gain real-world experience by volunteering with an organization and conduct an integrated analysis of the structure, governance, leadership, strategic planning, fundraising, volunteer management, performance measurement, financial management and annual reporting of the organization.

Prerequisites: All of: (a) ACCT 3310 or ACCT 3510, (b) ACCT 3320 or ACCT 4520, (c) CMNS 3000 or ENTR 3000, and (d) ENTR 3100 or ENTR 3140.

ACCT 4720 3 Credits**Advanced Managerial Accounting**

Students will utilize advanced managerial accounting theories in planning and decision making in various business situations. Students will assess overall business needs. Students will design and evaluate integrative management accounting strategies through case analysis and projects.

Prerequisites: All of: (a) CMNS 3000 or ENTR 3000, (b) ENTR 3100 or ENTR 3140, and (c) 12 credits from courses in ACCT at the 4000 level.

ACCT 4780 3 Credits**Advanced Corporate Finance**

Students will learn to apply current financial management theories using a case-based approach. Students will apply corporate finance techniques to maximize the economic value of the firm for its shareholders. Students will learn how to identify and resolve the issues, problems and challenges faced by financial managers in today's complex financial environment.

Prerequisites: ACCT 3380 and 6 credits from courses in ACCT at the 3000 level or higher. ACCT 4380 is strongly recommended.
Attributes: QUAN

ACCT 5110 4 Credits**Intermediate Financial Accounting**

Students will examine accounting theory including the conceptual framework of financial reporting and current Canadian practice in the measurement, recording and reporting of financial information using both International Financial Reporting Standards (IFRS) and Accounting Standards for Private Enterprises (ASPE). This course is designed to meet the entry requirements for the Chartered Professional Accountant (CPA) Professional Education Program (PEP).

Prerequisites: ACCT 2293 (B-) *Note: It is recommended that this course was taken within the last three years.*
Attributes: F2A9

ACCT 5220 3 Credits**Introductory Managerial Accounting**

Students will study introductory topics in managerial accounting including: an introduction to managerial costing terms, concepts, product costing, cost behaviors and cost-volume-profit analysis; job and activity based costing systems; a basic framework of budgeting for both merchandising firms and manufacturing operations; standard costing and variance analysis; relevant costing, segmented statements and analyses of various management strategic and operational decisions; an introduction to performance measurement. This course is designed to meet the entry requirements for the Chartered Professional Accountant (CPA) Professional Education Program (PEP).

Prerequisites: ACCT 2293 (B-) *Note: It is recommended that this course was taken within the last three years.*

Attributes: F2A9

ACCT 5335 4 Credits**Taxation**

Students will learn the fundamental principles and rules of the Federal Income Tax Act, the Excise Tax Act, and the administrative processes of the Canada Revenue Agency, to assist and advise individual and corporate taxpayers in determining their tax liabilities, and meeting their tax compliance and reporting requirements. They will analyze the taxpayer profiles and financial transactions in order to identify, evaluate and recommend appropriate tax-planning opportunities and strategies. This course is designed to meet the entry requirements for the Chartered Professional Accountant (CPA) Professional Educational Program (PEP).

Prerequisites: ACCT 2293 (B-) *Note: It is recommended that this course was taken within the last three years.*

Attributes: F2A9

ACCT 5480 4 Credits**Corporate Finance**

Students will obtain an understanding of the basic concepts in corporate finance: the role and function of financial management, financial analysis, determination of cash flows, time value of money, valuation of investments, capital budgeting, cost of capital, sources of capital and capital structure, working capital management and dividend policy. Mergers and acquisitions, derivative instruments and international corporate finance topics are also introduced. This course is designed to meet the entry requirements for the Chartered Professional Accountant (CPA) Professional Education Program (PEP).

Prerequisites: ACCT 2293 (B-) *Note: It is recommended that this course was taken within the last three years.*

Attributes: F2A9

ACCT 5510 4 Credits**Advanced Financial Accounting**

Students will study advanced issues in financial reporting, including intercorporate investments, business combinations, foreign exchange, foreign operations, and not-for-profit organizations. This course is designed to meet the entry requirements for the Chartered Professional Accountant (CPA) Professional Education Program (PEP).

Prerequisites: ACCT 5110

Attributes: F2A9

ACCT 5645 **4 Credits**

Audit and Assurance

Students will study auditing principles and internal control. They will explore at length the nature and purpose of audit and assurance engagements and the principles behind these engagements. Topics covered include planning, methodology, standards, documentation, evidence, materiality, risk, internal controls, audit testing, audit reports, internal audit and current standards. The focus will be on external independent financial statement audits. This course is designed to meet the entry requirements for the Chartered Professional Accountant (CPA) Professional Education Program (PEP).

Prerequisites: ACCT 5110

Attributes: F2A9

ACCT 5720 **3 Credits**

Advanced Managerial Accounting

Students will study a variety of management accounting topics and utilize advanced managerial accounting theories in planning and decision making in various business situations, which may include case analysis and projects. This course is designed to meet the entry requirements for the Chartered Professional Accountant (CPA) Professional Education Program (PEP).

Prerequisites: ACCT 5220

Attributes: F2A9

ACCT 5800 **4 Credits**

Strategy and Governance

Students will understand and assess the role of corporate governance within an organization. They will design and compare alternative business strategies and their associated objectives and actions as well as the implications of implementation. NOTE: This course is designed to meet the competency-based entry requirements for the Chartered Professional Accountant (CPA) Professional Educational Program (PEP).

Prerequisites: BUSI 2390, ACCT 5110, ACCT 5220, ACCT 5335, and ACCT 5480

Attributes: F2A9
