## Convocation Protocol

Family and friends are requested to rise if able when the graduands' procession enters, and to remain standing until the conclusion of the singing of O Canada.

Following the singing of O Canada, please be seated and remain seated for the duration of the ceremony. Artona Photographers will be taking photographs of each student as they cross the stage and proofs will be mailed to each student following the ceremony.

Convocation will conclude with the recession of the platform party, floor party and graduates; please rise if you are able and remain standing until the recession is complete.

## Convocation Reception

We invite all graduates and their guests to enjoy refreshments immediately following the ceremony in the Convocation Hall, located in the atrium of the Surrey Main building.

## Message from The Chancellor

It brings me immense joy and pride to address our graduates as your chancellor. This is an amazing milestone on your life journey and one worthy of great celebration. As you continue on this journey, you are now better equipped with a strong educational foundation. Not only will you greatly benefit from the credential you have just received, but also from the skills you have developed through your post-secondary education experience. You will also continue to be an integral part of the KPU community.

Like me, you are now an alumnus of KPU. And as alumni you have the power to affect change locally and globally. Your current and future success is the university's success.

Your community is now larger and evolving, but remember that it was your family and community that helped you succeed, and now I encourage you, as emerging leaders, to make choices to help improve your community. When you support and improve your community, you can have a positive impact on the world, making it a better place for all.

Best wishes and my heartfelt congratulations on your success. Our future is bright indeed.

All my relations,

## Message from The President and Vice-Chancellor

On behalf of the entire KPU community, I welcome one and all to this happy day of celebration where we honour our February 2024 graduates.

KPU has a unique mandate in the national post-secondary system and is the largest university of its kind in Western Canada.

We are a learning ecosystem, rooted in a culture of sustainability, creativity and quality that inspires our people and our communities. By thinking and acting together, we transform lives and empower positive change.

We are guided by our strategic plan, VISION 2026, and its 15 goals direct us to improve the experiences of students and employees at KPU; to sustain ourselves, the environment and our diverse cultures; to foster creativity in its many forms; and to do all this with quality.

I am fortunate to work with wonderful colleagues, our Board of Governors, our chancellor, members of the KPU Alumni and Foundation boards, our friends in local, provincial and federal governments, and so many community partners as we work towards this vision together.

Our graduates today will join our existing alumni and make their way into the world of work, citizenship and further learning, reflecting the best of KPU to our communities both locally and globally.

Best of luck to you all as you embark on your life journey.

A handwritten signature in black ink that reads "Alan Davis". The signature is written in a cursive, flowing style.

**Dr. Alan Davis**  
President and Vice-Chancellor

# Our Story

Kwantlen Polytechnic University (KPU) is an innovative, transformative and ambitious institution that serves the needs of Metro Vancouver, British Columbia, and beyond. KPU offers a range of degree, diploma, certificate, and citation programs with opportunities for hands-on experience and experiential learning. With campuses in Richmond, Surrey, Cloverdale, Langley, and Civic Plaza in Surrey City Centre, KPU has opened the doors to success for more than 250,000 students for nearly four decades.

Established in 1981 by the Province of British Columbia, KPU proudly adopted the name of the Kwantlen First Nation, whose people are acknowledged historically as 'tireless runners.' The name has proven to be prophetic as KPU, the institution, runs tirelessly to expand its capacity to serve the citizens of Metro Vancouver, the province, the nation, and the world.

As Canada's only polytechnic university, KPU is committed to providing students with a unique learning experience that cannot be found elsewhere, while also providing the ethical framework and critical understanding necessary for good citizenship. The University's commitment to applied research and innovation with external partners enhances the quality of its teaching, and contributes significantly to the economic development of the region.

As a university that allows for multiple interpretations of excellence, students define and design the path to success that's right for them at KPU: where thought meets action.

# Ceremony & Graduation Roll

This program includes only those names of students who applied to graduate on or before October 31, 2023. The complete Graduation Roll is available online at [kpu.ca/convocation](https://kpu.ca/convocation).

# Award Recipients

# Honorary Degree, Doctor of Laws

## *Honoris Causa*

*Honorary Doctorate Degrees are the highest form of recognition granted by KPU to recognize persons who are distinguished by their significant contributions and accomplishments and whose excellence will reflect positively upon KPU.*

### **Denise Amyot**

An innovative leader and tireless supporter of education, Denise Amyot started her career as a teacher in Ontario, Quebec, and Northwest Territories, and was the first French coordinator for the N.W.T. education department. She then began a 27-year career with the federal government, which included multiple positions at the assistant deputy minister level. In 2009, Amyot was appointed president and CEO for Canada Science and Technology Museums Corp., where she embraced the opportunity to nurture a science and innovation culture in Canada.

In 2013, she began a 10-and-a-half year journey as president and CEO of Colleges and Institutes Canada (CICan), becoming the first woman and first francophone to lead the country's largest post-secondary education

network. Amyot developed a culture of trust and partnership as she oversaw the delivery of member services, international programs, and advocacy work on behalf of the organization's 142 members. Under her leadership, CICan tripled in size and built a project portfolio of nearly \$500 million.

A champion for equity, diversity, and inclusion, Amyot had a particular focus on accelerating reconciliation, boosting innovation, building campuses of the future, deepening global engagement, and growing talent for the 21st century. Amyot also nurtured support among members for the 50-30 Challenge, the United Nations Sustainable Development Goals, and oversaw the development of an Indigenous education protocol.

Amyot has extensive leadership development experience, and is a sought-after keynote speaker and member of national and international boards, councils, foundations, associations, and committees. She has received numerous awards recognizing outstanding contributions to public service, corporate social responsibility, innovation, gender equity, and bilingualism, and has never hesitated to give back through important volunteer work.

Known as an enthusiastic supporter and builder of education at all levels, Amyot has earned three bachelor's degrees and a master's degree in education, in addition to learning four languages. Before she left CICan, Amyot created an endowment that will award annually a scholarship to a student at a member institution whose parents did not attend a post-secondary school, demonstrating her belief in the power of education and how it can transform lives.

### **François Paulette**

François Paulette is an esteemed advocate for Indigenous treaty rights and environmental stewardship. A survivor of the residential school system, he has dedicated his life to the advancement of Indigenous communities and tireless advocacy for climate change initiatives, blending traditional knowledge with contemporary environmental activism.

Mr. Paulette rose to become the youngest Chief of the Smith's Landing First Nation at the tender age of 21. His advocacy work expands far beyond his local community. In 1973, Mr. Paulette and sixteen other chiefs challenged the Canadian government to recognize the Dene's title over a million square kilometres of land in the Northwest Territories and to prevent the construction of the Mackenzie Valley Pipeline. In 2023, the Dene National Assembly marked the 50th anniversary of the case ruling, which is now studied in post-secondary institutions across Canada. He has contributed significantly to the United Nations Declaration on the Rights of Indigenous Peoples, reinforcing its importance and advocating for its implementation.

Mr. Paulette has participated in numerous international conferences and symposiums, integrating traditional Indigenous perspectives with environmental advocacy. As a former member of the

Assembly of First Nations Elder Council and an appointee to the Advisory Committee on Climate Action, he made significant contributions to Indigenous perspectives on environmental policy. He played a crucial role in developing the Elders' Statement on Climate Action and the Environment, influencing the Pan-Canadian Framework on Clean Growth and Climate Change.

Driven by a commitment to promoting Indigenous culture, he was a founding member of the Dene Cultural Institute. Mr. Paulette is an adjunct professor at the University of Alberta School of Public Health, where he supports students in applying traditional knowledge methods in their research as an Elder advisor and traditional knowledge keeper.

Throughout his life, Mr. Paulette has been a pillar of strength and inspiration for his people, consistently advocating for Indigenous rights, preserving the Denesuline language and safeguarding his culture and traditions. In 2019, he was named an officer of the Order of Canada for his contributions to Indigenous treaty rights and for his advocacy of circumpolar health research.

## Distinguished Teaching Award

*Outstanding teaching is a core element of KPU and, accordingly, the University recognizes and celebrates outstanding examples of teaching. The KPU Award for Distinguished Teaching is intended to recognize remarkable teaching as demonstrated by activities such as the development of new courses and curricula, contributions to the scholarship of teaching, development of effective teaching methods, enrichment of the learning environment at KPU, and contributions that improve the teaching of colleagues.*

### Full-time

#### Dr. Lee Beavington

Dr. Lee Beavington is an award-winning interdisciplinary scholar and educator who has been a part of the KPU community for more than 20 years. He has held many positions including lab instructor, faculty, educational consultant, learning strategist and many more. He has worked in five faculties across KPU including being a faculty leader for the Amazon Field School.

Dr. Beavington's passion for ecology, Indigenous initiatives and teaching and learning in outdoor spaces is widely known at KPU. He is well known for his Wild Spaces events where he brings KPU faculty, staff and students together to explore intentional outdoor learning at and near KPU campuses. He is a big proponent of place-based education.

He also served as co-curator for the award-winning exhibition Wild Things: The Power of Nature in Our Lives at the Museum of Vancouver, which was the recipient of the Award of Merit for Excellence in Exhibitions. He is also a TEDx speaker and a Social Sciences and Humanities Research Council Storyteller award recipient.

Respecting the students is Dr. Beavington's teaching philosophy. Building relationships with his students is his top priority, which is reflective in how his students describe him: encouraging, gentle, supportive, friendly and inclusive. Dr. Beavington exemplifies the spirit and action for achievement of teaching excellence through his passion for teaching.

### Part-time

#### Paola Gavilanez

For the past 22 years, Paola Gavilanez has been an interior design practitioner and instructor. Since 2009, she has taught at KPU's Wilson School of Design as faculty and is now the Program Chair of the Interior Design program.

She is being recognized with this award for her commitment to the field of education as well as her expertise in interior design. Gavilanez has become an instrumental advocate for the use of ePortfolios at the Wilson School of Design, which is part of her integrated learning advocacy. Through a collaboration with the Teaching and Learning team at KPU, she

has represented KPU in the Association of American Colleges and Universities Institute on ePortfolios in 2022/23.

Gavilanez's design philosophy stems from what she calls the powerful response humans have to design in nature. Her teaching philosophy grows from the deep respect she has for students, where she encourages self-expression because she believes that's what design is about for both the client and designer.

This respect for her students is evident as her students describe feeling seen, heard and supported. Similarly, her colleagues also note her supportive and collaborative nature. Her compassion means facilitating inside and outside the classroom through mentorship and coaching on career and life.

## President's Outstanding Graduate Award

*Presented annually, the President's Outstanding Graduate Award encourages KPU students to excel in their chosen fields of study and to participate in university, student and community activities to the benefit of others. Recipients have completed all their study in one program at KPU, have consistently shown outstanding ability in the field, have contributed in a significant way to KPU or community affairs, and may be recommended by faculty.*

## Bachelor's Degree Program

### Oliver Cook

Oliver Cook has been a student at KPU since September 2018, when he enrolled in the Horticulture Technology Diploma Program. Driven by his deep connection to nature, he pursued a Bachelor of Horticulture Science with a Major in Urban Ecosystems and a Minor in Plant Health. He is passionate about learning how landscapes can improve human health, creating sustainable infrastructure and enhancing the economy.

For Cook, horticulture is a way to interpret nature and understand the world. He developed a passion for it in high school while gardening and landscaping. In his spare time, Cook enjoys exploring nature on a deeper level by going on multi-day hikes.

Aside from his schoolwork, Cook contributes to his community through volunteering. He is an active volunteer for Metro Vancouver Regional Parks and participates in various conservation efforts including invasive species removal, restoration workshops and bird monitoring programs. He is an ambassador and a board member for the Derby Reach and Brae Island Park Association, leading educational walks and annual events and contributing to projects that promote environmental awareness and restoration activities.

Cook's dedication and discipline have earned him multiple awards, including the George E. Housser Endowed Memorial Award, Horticulture Endowed Scholarship and West Vancouver Garden Club Endowed Award, among others. For Cook, this award, along with other recognitions he has received, serves as a testament to his commitment and passion for horticulture. It reflects his desire to use his knowledge and skills to improve the environment and our communities.

Cook aspires to become a landscape designer specializing in public and civil projects. His five-year goal is to design and maintain gardens for local municipalities, with a longer-term goal of working on large-scale public development projects as a horticulture specialist and garden designer. He is excited about influencing sustainable development projects to create resilient, healthy and biodiverse communities, applying his knowledge of plant species and ecological principles.

# Diploma Program

## King Lee

An international student from Hong Kong, King Lee has been studying at KPU since September 2022. Despite the challenges of adapting to a new cultural context and academic requirements, Lee has demonstrated an unwavering commitment to learning. He embarked on a learning journey in Canada after a long track record of academic achievements and professional experience.

Lee brings a rich academic record, including an MBA and an MSc in Information Systems Management from the Hong Kong University of Science and Technology, earned in 2005. He held key managerial positions in learning and development functions at Towngas, Oriental Overseas Container Liner and MTR Corporation. The corporate innovation program

he led in 2022 won the globally acclaimed ATD Excellence in Practice Award.

At KPU, Lee has demonstrated high academic achievement and dedicated himself to serving others. His background and experience have allowed him to effectively tutor over eighty students in Introductory Accounting and Economics. He also volunteered as a Peer Tutor for the post-graduate Digital Transformation and Change Management course, providing guidance and advice for students on their research projects.

Lee's commitment to service extends beyond the KPU community. While studying in the Intermediate Financial Accounting course, he also supported a small business with its accounting practices, applying the accounting concepts he learned at KPU to real-world scenarios. Outside the classroom, Lee is a Scout Leader for the 33rd Kerrisdale Scouting Group.

Lee's plans to pursue roles in HR and Change Management demonstrate his ambition and drive to contribute to the Canadian business landscape. His tireless efforts to build bridges and foster understanding embody the spirit of lifelong learning and community service.

## Message from the KPU Alumni Association

Congratulations to the graduating class of 2024!

We are delighted to welcome you as our newest KPU Alumni. You are now part of a vibrant and growing community. The KPU Alumni Association (KPUAA) is your ongoing connection to KPU. The KPUAA is dedicated to you – our alumni – and to the university that is now your alma mater.

Representing over 71,000 highly skilled and diversely educated alumni, we are dedicated to making a difference in our local and global communities.

Our primary goal is to provide our alumni with valuable programs and services that support your continued success, both personally and professionally, and ultimately, to foster a lifelong relationship between you and KPU. We encourage you to become active members of the association to help future alumni succeed in their journey and by becoming ambassadors for KPU in your community and workplace.

Please visit our website at [alumni.kpu.ca](http://alumni.kpu.ca) to learn more about the association and the perks and privileges of being part of the alumni community.

Congratulations on successfully completing your journey from student to alum. We look forward to connecting, staying in touch and furthering our relationship with you.

## KWANTLEN POLYTECHNIC UNIVERSITY

# Heraldry

The Arms of Kwantlen Polytechnic University were presented at a ceremony on May 4, 1999 by the Right Honourable Romeo LeBlanc, Governor General of Canada.

The centre shield features 'The Spirit of KPU' emblem comprising a wolf, a salmon, and a river azure as styled by Brandon Gabriel.

At the top of the blue shield, on the left side a lion and on the right a tiger facing each other in the rampant position (upright on one hind leg with forelegs outstretched as if attacking). And at the bottom of the blue shield, on the left a jaguar and on the right a Chinese dragon also facing each other in the rampant position. All are gold.

At the top in the centre, there is an open book with silver or white pages, bindings in gold and on top of it, a gold horizontal (in fess) rectangle (billet) with square bites taken out of the long sides (bretessed). In modern heraldry, this item is meant to represent a computer chip.

The crest appears above the shield, and is supported by a silver and blue twisted fabric wreath. The upper rim is set with a simple silver crown, the upper edge decorated with four salmon, looking at each other in pairs.

Supporting the arms is a green grassy mound, scattered with gold Douglas Fir cones. The mound is rising from wavy horizontal bands of blue and silver. This is the traditional heraldic representation of water - either river or ocean.

On the left is a gold female deer with blue hooves, and her bottom half is a silver fishtail with gold fins. Around her neck is a wreath of twisted silver and blue cloth. Hanging from the wreath is a green disk with an open book on it—the pages are silver; the cover is gold.

On the right is a gold eagle with a silver head, with blue talons and beak. Around his neck is a wreath like the doe's and hanging from it is a green disk with the heraldic representation of a gold computer chip.

The motto reads: Through Tireless Effort, Knowledge and Understanding.

# University Mace

The mace was originally a weapon during the medieval period, and came to be associated with the prowess and strength of the knight. Today the mace is a symbol of the University's authority to award degrees and diplomas. It indicates the seriousness of convocation as the University's most important academic ceremony, and is a confirmation of the University's integrity as an academic institution. The mace is carried by a mace-bearer, who leads the processional of faculty and students in to and out of the venue where convocation is held. The mace is usually between four feet and

six feet in length and will incorporate the history and tradition that surround the vision for the University.

An academic mace symbolizes the authority vested in the chancellor to confer university credentials. This is why the mace is an integral part of convocation.

Maces are often commissioned to commemorate a milestone anniversary or presidential inauguration. Typically an artist is selected for the honour to develop a highly symbolic design that incorporates the University's traditions.

KPU's mace was carved by Kwantlen First Nation artist Drew Atkins.

# KPU Parchments

New Kwantlen Polytechnic University (KPU) graduates will now receive graduation parchments featuring the Indigenous language spoken by the Kwantlen First Nation.

KPU is among the first universities in Canada to offer students an Indigenous language parchment, in addition to the English versions graduates already receive. The new parchments will feature a blend of English and hən̓q̓əmiñəm (pronounced HUN-kuh-MEE-num).

hən̓q̓əmiñəm, also known as a Down River dialect of the Halkomelem language, is the language spoken by people of the Kwantlen, Katzie, Tsawwassen, Kwikwetlem, and Musqueam First Nations on whose traditional unceded territories KPU is situated. KPU is also located on the traditional unceded territories of the SENĆOŦEN-speaking Semiahmoo First Nation.

Fern Gabriel, a member of Kwantlen First Nation and hən̓q̓əmiñəm language teacher with Langley School District, used her expertise to translate the parchment text.

KPU is committed to advancing reconciliation and weaving Indigenous knowledge, values, and representation into the institution. Embedding the hən̓q̓əmiñəm language in parchments is one more way the university is encouraging various communities to learn the traditional language of the territories and respect the land-based Nations.

The hən̓q̓əmiñəm language is being included in more places around KPU. It can already be found at student service counters, and on campus building signs, and is being added to some institutional documents.

# Regalia

Not until they slip into their regalia do many graduands realize the significance of their convocation ceremony. For family and friends, the first glimpse of the graduand in cap and gown heralds a milestone in the life of their loved one.

## Standard for Academic Dress

At KPU, all graduates wear a black gown of Oxford shape and a black cap, or mortar board. All students wear a black tassel on their mortar board, and the tassel hangs to the left of the cap. Graduates of our bachelor's degree programs wear hoods in the Aberdeen style, made of black pilgrim cloth and bordered with a one-half inch border. The border of each hood is a specific colour that identifies a particular area of study.

## Honorary Degrees: KPU Colours

Honorary Degree recipients wear a black gown of an Oxford shape and a black cap, or mortar board with a black tassel with a custom cover featuring the circle Salmon and Wolf Art in Charcoal and Grey. Honorary graduates are provided a custom hood by KPU featuring the circle Salmon and Wolf Art in Charcoal and Grey.

## Acknowledgements

Kwantlen Polytechnic University would like to thank the many donors who, through their generosity and support of scholarships, awards, libraries and programs, have enabled deserving and dedicated students to complete their post-secondary education.

We would also like to thank our many dedicated faculty and staff who support our students in so many ways. This commitment to excellence by our faculty and staff ensures that our students have the necessary resources available to them to succeed.

We also thank Michael Creber and Bill Costin on the piano.

We would like to take this opportunity to extend a very special thank you to all those who give to our students - including their families - in so many ways. They would not be able to do it without your care, support and encouragement.

# Congratulations to our Graduates!
