## MESSAGE FROM THE CHANCELLOR

**I**t brings me immense joy and pride to address our graduates as your chancellor. This is an amazing milestone on your life journey and one worthy of great celebration. As you continue on this journey, you are now better equipped with a strong educational foundation. Not only will you greatly benefit from the credential you have just received, but also from the skills you have developed through your post-secondary education experience. You will also continue to be an integral part of the KPU community.

Like me you are now alumni of KPU. And as alumni you have the power to affect change locally and globally. Your current and future success are the university's success.

Your community is now larger and evolving, but remember that it was your family and community that helped you succeed, and now, I encourage you, as emerging leaders, to make choices to help improve your community. When you support and improve your community your impacts can have positive impact on the world, making it a better place for all.

Best wishes and my heartfelt congratulations on your success. Our future is bright indeed.

All my relations,

*Kwuntiltunaat (Kim Baird)*

**Kwuntiltunaat (Kim Baird)**  
Chancellor

## MESSAGE FROM THE PRESIDENT AND VICE-CHANCELLOR

On behalf of the entire KPU community, I welcome one and all to this happy day of celebration where we honour our spring 2021 graduates.

KPU has a unique mandate in the national post-secondary system and is the largest university of its kind in Western Canada.

We are a learning ecosystem, rooted in a culture of sustainability, creativity and quality that inspires our people and our communities. By thinking and acting together, we transform lives and empower positive change.

We are guided by our strategic plan, VISION 2023 and its 12 goals direct us to improve the experiences of students and employees at KPU; to sustain ourselves, the environment and our diverse cultures; to foster creativity in its many forms; and to do all this with quality.

I am fortunate to work with wonderful colleagues, our Board of Governors, our chancellor, members of the KPU Alumni and Foundation boards, our friends in local, provincial and federal governments, and so many community partners as we work towards this vision together.

Our graduates today will join our existing alumni and make their way into the world of work, citizenship and further learning, reflecting the best of KPU to our communities both locally and globally.

Best of luck to you all as you embark on your life journey.

A handwritten signature in black ink that reads "Alan Davis". The signature is written in a cursive, flowing style.

**Dr. Alan Davis**  
President and Vice-Chancellor

## OUR STORY

**K**wantlen Polytechnic University (KPU) is an innovative, transformative and ambitious institution that serves the needs of Metro Vancouver, British Columbia, and beyond. KPU offers a range of degree, diploma, certificate, citation, and graduate and post-baccalaureate programs with opportunities for hands-on experience and experiential learning. With campuses in Richmond, Surrey, Cloverdale, Langley, and Civic Plaza in Surrey City Centre, KPU has opened the doors to success for more than 250,000 students for four decades.

Established in 1981 by the Province of British Columbia, KPU proudly adopted the name of the Kwantlen First Nation, whose people are acknowledged historically as 'tireless runners.' The name has proven to be prophetic as KPU, the institution, runs tirelessly to expand its capacity to serve the citizens of Metro Vancouver, the province, the nation, and the world.

As Canada's only polytechnic university, KPU is committed to providing students with a unique learning experience that cannot be found elsewhere, while also providing the ethical framework and critical understanding necessary for good citizenship. The University's commitment to applied research and innovation with external partners enhances the quality of its teaching, and contributes significantly to the economic development of the region.

As a university that allows for multiple interpretations of excellence, students define and design the path to success that's right for them at KPU: where thought meets action.

# AWARD RECIPIENTS

## PROFESSOR EMERITUS

*Emeritus/Emerita is an honorary appointment for life awarded to a retired employee for distinguished service and academic contributions to KPU and establishes a relationship that is both symbolic and active. The emeritus/emerita appointment recognizes distinguished performance of an employee, honours the employee's standing of high regard in the eyes of peers and colleagues, and anticipates the continuation of the employee's academic contributions to KPU past retirement.*

### **Chamkaur Cheema**

Chamkaur Cheema began teaching at KPU in 1997, anticipating it to be a part-time side gig. Instead, it became a 23-year career at KPU, one that he describes as the best he could have ever dreamed. During his tenure with KPU, Chamkaur taught courses in the self employment programme, the marketing diploma and ultimately the BBA in entrepreneurial leadership.

Chamkaur prided himself in creating an atmosphere and spirit that encouraged students and colleagues to discover their own capabilities while aspiring to more challenging goals and objectives. He was integral to the School of Business's reputation for creating "industry ready grads" and his students regularly described their experience as transformative, giving them the skills to solve problems and drive success in their own careers.

Beyond the School of Business, Chamkaur found numerous ways to contribute to creating a positive learning environment for his students and colleagues. He served on the University Senate, the School of Business Faculty Council and a multitude of committees in addition to being the departmental chair of the entrepreneurial leadership program. He coached and championed simulation and case competition teams as a way of providing his students additional learning opportunities and acted as a conduit linking employers with Entrepreneurial Leadership graduates.

Externally, Chamkaur served on the governance boards of multiple organizations ensuring he was able to bring relevant and current business practices and experiences into the classroom and expose his students to the real challenges they would face in their careers. And, while his students may have described his classes as challenging, they also credit Chamkaur with pushing them out of their comfort zones and towards outstanding careers.

## DISTINGUISHED STAFF SERVICE AWARD

Catherine (Cathy) Parlee has brought her extensive knowledge of research matters to KPU's Office of Research Services for over a decade. Holding a position as the research services coordinator, Cathy strives to assist all members of the university community and share her growing knowledge of research matters. Committed to continual learning, Cathy recently earned a certificate in research administration from Mohawk College and continues to bring research support to the forefront of all she does. Outside of KPU, Cathy's an outdoor enthusiast and enjoys spending her time in nature hiking, skiing, and snowshoeing.

## DISTINGUISHED SCHOLARSHIP AWARD

*Exemplary teaching is a core element of KPU, and scholarship in its diverse forms is integral to that endeavour: the scholarship of discovery, creativity, application, teaching and learning, and integration. Accordingly, KPU recognizes and celebrates outstanding examples of such scholarship.*

### **Dr. Cory Pedersen**

Joining KPU as a psychology faculty member in 2005, Dr. Cory Pedersen has continued to make countless contributions to the university community for over 15 years. In 2011, Cory founded the Observations and Research in Gender and Sexuality Matters Lab to further her interests in gender and human sexuality studies, while providing students an opportunity to gain valuable research experience. Since its inception, over 50 collaborative projects with lab members have been presented at conferences or published in psychology and sexology journals. As the psychology department chair, a position Cory has held since 2013, she's continued to mentor others and engage in opportunities for research and leadership.

## DISTINGUISHED FACULTY SERVICE AWARD

*Distinguished Service Awards honour and recognize exceptional, long-standing service to KPU and/or the educational community that KPU serves. The receipt of this award will bring honour and distinction to KPU as well as to the recipient.*

### **Dr. Farhad Dastur**

Dr. Farhad Dastur is an award-winning educator/scholar committed to excellence in teaching and research. With a career at KPU spanning more than two decades, Farhad has left a lasting impression on the Faculty of Arts and the larger university community, holding roles as the chair of psychology, coordinator of Asian studies, chair of the Research Ethics Board, associate dean, senator, dean of Arts (pro tem), and Board of Governors representative. Currently, he leads KPU's Virtual Reality Lab where he mentors students researching memory distortions, pain perception, and the role of anxiety in conspiracy ideation.

Receiving numerous awards in teaching, scholarship, and leadership, Farhad continues to share his knowledge and seek out opportunities to connect with fellow academics and the public. In 2008, he founded Connecting Minds: North America's largest undergraduate research conference in psychology, and he's presented at a range of events at KPU and the community.

Farhad's dedication to educating hearts in addition to minds is evident as he leads by example volunteering as a faculty lead for a Habitat for Humanity building project, and an in-school mentor with the Big Brothers of Vancouver.

Drawing inspiration from students, colleagues, and mentors he's worked and collaborated with, Farhad notes that this award, in turn, is very much theirs, too.

## DISTINGUISHED TEACHING AWARD

*Outstanding teaching is a core element of KPU and, accordingly, the University recognizes and celebrates outstanding examples of teaching. The KPU Award for Distinguished Teaching is intended to recognize remarkable teaching as demonstrated by activities such as the development of new courses and curricula, contributions to the scholarship of teaching, development of effective teaching methods, enrichment of the learning environment at KPU, and contributions that improve the teaching of colleagues.*

### **Dr. Lucie Gagne**

Joining KPU in 1998, Dr. Lucie Gagné is an award-winning designer and educator in the Wilson School of Design and the current Interior Design Program chair.

As a researcher and educator, Lucie is interested in the connection between people and their environment, and the possibilities that can result from the convergence of pedagogy, people, and place. Teachers, she believes, are responsible for constructing opportunities for learning, and actively learning in turn lets individuals acquire a deeper understanding of the subject matter. Lucie is particularly interested in the possibilities that can result when people from differing backgrounds and experiences collaborate; and in the integration of diverse approaches in making connections across disciplines and international boundaries.

Her strong interest in cross-cultural education and learning in an international context led to Lucie actively contributing to the internationalization of design programs at KPU. In addition to being involved in the establishment of international exchanges and partnerships with various institutions abroad, she has developed and conducted field study educational travel to a number of international destinations and established and serves as the faculty leader for KPU's Amazon Interdisciplinary Field School KPU.

Lucie remains focused on exploring the various ways international experiential education can provide opportunities for contextually grounded transformative learning experiences as part of a full, well-rounded education, and is driven by her passion to help students find the broader context they are a part of.

## GOVERNOR GENERAL'S SILVER ACADEMIC MEDAL

*On behalf of the Governor General of Canada, this medal is awarded to a KPU student who, in the opinion of the selection committee, has attained the highest academic standing in the graduation year of a bachelor's degree program. It is one of the highest academic honours KPU can bestow.*

### **Anna Westhaver**

*Bachelor of Horticulture Science, Major in Plant Health*

Since childhood, Anna Westhaver has always been fascinated with plants—from the way they sprout and flower to their eventual harvesting and decay. Wanting to understand this process better and explore ways to support ecological health, Anna began studying horticulture focusing specifically on plant health. Her goals and aspirations are admirable as she wants to leverage her skills and experience to develop and support a thriving and sustainable regional food system that yields healthy produce for the community. Anna believes that the sustainability of our food system truly lies in the sustainability and resilience of our seed system and hopes that by providing education and mentorship to new growers, especially those not typically represented in agriculture, we can improve food security and create a more diverse agricultural sector.

## GOVERNOR GENERAL'S COLLEGIATE BRONZE ACADEMIC MEDAL

*On behalf of the Governor General of Canada, this medal is awarded annually to a KPU student who, in the opinion of the selection committee, has attained the highest academic standing in the graduation year of a two-year diploma program. It is one of the highest academic honours KPU can bestow.*

### **Ainsley Pincombe**

*Diploma in Computer Aided Design and Drafting*

Ainsley Pincombe had her first university experience while she was still in high school, participating in the CADD CTC program. The experience left a huge impression and her choice to enroll in KPU's Computer-Aided Design and Drafting program years later was an easy one. While returning to her education as a mature student brought unique challenges, Ainsley's persistence, patience, and determination were evident and her excellence in academics speaks for itself. The only way to succeed, she says, is to just keep working at it—something she's definitely done, with positive results.

## GEORGE C. WOOTTON AWARD

KPU's Board of Governors established this award to recognize outstanding dedication, service and contribution to the university system. This award considers a student's contribution to the community, KPU or voluntary activities as well as academic success.

### **Damanpreet Garcha**

*Bachelor of Business Administration in Marketing Management & Certificate in Non-Governmental Organizations and Non-profit Studies*

Damanpreet Garcha has always been creative, with a passion for giving back and helping others. First introduced to business studies in high school, it was marketing in particular she says that she connected with, recognizing the wealth of opportunities in the industry to both achieve and create. Upon coming to KPU, she chose not only to pursue a degree in marketing management, but also a certificate in nongovernmental and non-profit studies with the ultimate goal of working for a community organization and eventually starting her own business. A volunteer, leader, and mentor, Damanpreet has been active in the university community and beyond, getting involved with the local food bank, City Centre Community Association, KPU Marketing Association, campus orientation, and more. # CONVOCATION TRADITIONS

## HERALDRY

## KWANTLEN POLYTECHNIC UNIVERSITY

The Arms of Kwantlen Polytechnic University were presented at a ceremony on May 4, 1999 by the Right Honourable Romeo LeBlanc, Governor General of Canada.

The centre shield features 'The Spirit of KPU' emblem comprising a wolf, a salmon, and a river azure as styled by Brandon Gabriel.

At the top of the blue shield, on the left side a lion and on the right a tiger facing each other in the rampant position (upright on one hind leg with forelegs outstretched as if attacking). And at the bottom of the blue shield, on the left a jaguar and on the right a Chinese dragon also facing each other in the rampant position. All are gold.

At the top in the centre, there is an open book with silver or white pages, bindings in gold and on top of it, a gold horizontal (in fess) rectangle (billet) with square bites taken out of the long sides (bretessed). In modern heraldry, this item is meant to represent a computer chip.

The crest appears above the shield, and is supported by a silver and blue twisted fabric wreath. The upper rim is set with a simple silver crown, the upper edge decorated with four salmon, looking at each other in pairs.

Supporting the arms is a green grassy mound, scattered with gold Douglas Fir cones. The mound is rising from wavy horizontal bands of blue and silver. This is the traditional heraldic representation of water - either river or ocean.

On the left is a gold female deer with blue hooves, and her bottom half is a silver fishtail with gold fins. Around her neck is a wreath of twisted silver and blue cloth. Hanging from the wreath is a green disk with an open book on it—the pages are silver; the cover is gold.

On the right is a gold eagle with a silver head, with blue talons and beak. Around his neck is a wreath like the doe's and hanging from it is a green disk with the heraldic representation of a gold computer chip.

The motto reads: Through Tireless Effort, Knowledge and Understanding.

## UNIVERSITY MACE

The mace was originally a weapon during the medieval period, and came to be associated with the prowess and strength of the knight. Today the mace is a symbol of the University's authority to award degrees and diplomas. It indicates the seriousness of convocation as the University's most important academic ceremony, and is a confirmation of the University's integrity as an academic institution. The mace is carried by a mace-bearer, who leads the processional of faculty and students in to and out of the venue where convocation is held. The mace is usually between four feet and six feet in length and will incorporate the history and tradition that surround the vision for the University.

An academic mace symbolizes the authority vested in the chancellor to confer university credentials. This is why the mace is an integral part of convocation.

Maces are often commissioned to commemorate a milestone anniversary or presidential inauguration. Typically an artist is selected for the honour to develop a highly symbolic design that incorporates the University's traditions.

KPU's mace was carved by Kwantlen First Nation artist Drew Atkins.

## REGALIA

### Standard for Academic Dress

At KPU, all graduates wear a black gown of Oxford shape and a black cap, or mortar board. All students wear a black tassel on their mortar board, and the tassel hangs to the left of the cap. Graduates of our bachelor's degree programs wear hoods in the Aberdeen style, made of black pilgrim cloth and bordered with a one-half inch border. The border of each hood is a specific colour that identifies a particular area of study.

### Honorary Degrees: KPU Colours

All honorary degree recipients wear an eight-sided tam of navy blue velvet with gold bullion cord tassel. The gown is of Oxford shape using maroon pilgrim cloth for the body and sleeves, with three navy blue velvet chevrons and silver velvet panels. Hoods for honorary graduates are of intercollegiate style, maroon in colour to match the gowns, with a sugarbeet satin lining, a silver satin chevron and trim and grey piping.
