

Connecting to eduroam with Android

1. Tap the **Settings** icon, then click **Connections**, and then **Wi-Fi**.

2. Make sure your Wi-Fi is on. Then, click on **eduroam** from the list of available networks.

3. For **EAP method**, select **PEAP**
4. Scroll down until you see the **Identity** and **Password** fields.

Students: Enter your KPU email address (ending with @student.kpu.ca) as your Identity. Enter your KPU password in the password field.

Employees: Enter your KPU email address (ending with @kpu.ca) as your Identity. Enter your password.

5. For a more secure connection, click on **CA Certificate**, then select **Use system certificates**.
6. For **Online certificate status**, select **Don't validate**.
7. In the Domain text box, enter **kpu.ca**
8. Under the **See More** tab, make sure **MSCHAPV2** is selected for **Phase 2 authentication**.
9. Press **Connect**.
