# THE LEARNING CENTRE

## What is the Learning Centre?

Need help with assignments? Could your paper use some feedback? Looking for study tips? Check out the learning centre! Each KPU campus has a learning centre where you can access resources like peer tutoring and coaching, workshops, and other supports to help you succeed in your studies.

Every year, the learning centre trains more than 70 tutors and peer coaches who go through three levels of training. Once complete, they can be certified as a professional tutor.

Can't make it to campus? Go online! No matter where you are, you can access tutoring support or get feedback on your writing by visiting [tlc.kwantlen.ca](http://tlc.kwantlen.ca)

## What does the Learning Centre offer?

The learning centre exists to provide you with the resources and assistance you need to help in your studies.
